Format: 85 x 54 mm

Printing specifications for retransfer printers:

- Graphic elements should have 300dpi resolution
- PDF color space should be in CMYK (Coated FOGRA39), otherwise there may be tear outs or strong color deviations
- Avoid, if possible, the usage of brown colors within your layout
- Color deviations may generally occur in retransfer printing
- Preferably created as vector graphics
- Sans serif fonts are preferred
- Fonts should be exported in paths/curves, otherwise include them in the email

print files:

- Please deliver print layout as .pdf document
- Please send the print layout to print@nfc21.de, quoting the order number
- Send print layout without the red punch
- Please insert the print layout into the designated print image area
- Insert print layout for double-sided printing into the corresponding pages
- If your layout extends to the sides, include if possible a bleed of 3mm on all sides to your Layout

BE - 85 x 54 mm -
final format
